- The climate in Jamnagar can be described as mild to hot during summers and mild in winters. The presence of the Gulf of Kutch adjoining INS Valsura makes the summer evenings extremely pleasant, due to the cool offshore breeze blowing in from the sea. The summer temperatures rise to a maximum of about 35-36 degrees Celsius. The winter months from end November to mid February is very pleasant, with the mercury dipping to about 10 degrees Celsius during the coolest nights. The monsoons in Jamnagar occur during Jun to Aug along with the onset of South West monsoons and annual rainfall has increased over decades from 50 Cms to 150 cms. Jamnagar is located at sea level.

4. Communication

(a) **By Air.** Indian Airlines operates its domestic flight to and fro Mumbai. However, if the Mumbai - Jamnagar flight schedule does not suits travel plans, one can travel by Mumbai - Rajkot flight, followed by journey by road/rail to Jamnagar. The distance between Rajkot and Jamnagar is 90 Kms.

(b) **By Rail/ Road.** Jamnagar is well connected by rail from Mumbai. Rajkot, a relatively bigger railway station 90 Kms away from Jamnagar, is well connected to all parts of the country by train.

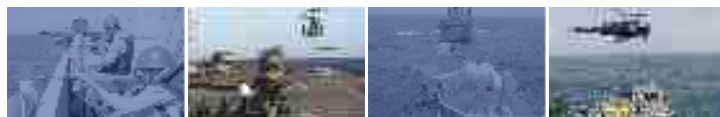

5. Clothing and Bedding

(a) **Clothing.** Tropical clothing is worn throughout the year, except from December to February when winter clothing is necessary.

(b) **Bedding.** Trainees are to possess their own bedding, blankets, mosquito nets, bed sheets and pillows. These can also be purchased locally.
